# *Lieutenant Governor's Message*

Good day D4 Team.

Welcome to my second divisional newsletter.

CXC examinations are fast approaching and I trust that the key clubbers who will be sitting these examinations have been preparing well. I know that we will all excel and aim to do our absolute best!

Summer holiday is also approaching and I encourage you all to plan accordingly so that we can have a service-filled holiday.

Continue to keep safe and remember, 'Satisfaction lies in the effort, not in the attainment.' ~ *Mahatma Gandhi*

# KEY CLUB® 101

## Key Club abbreviations and their meanings

P	-President	LG	-Lieutenant Governor
VP	-Vice President	DBE	-District Bulletin Editor
Sec	-Secretary	DW	-District Webmaster
Tres	-Treasurer	DCM	-Divisional Council Meeting
AST	-Assistant Secretary-Treasurer	PCM	-President Council Meeting
BE	-Bulletin Editor	YOF	-Youth Opportunities Fund
CP	-Chairperson	IT	-International Trustee
PR	-Public Relations	IP	-International President
KC	-Key Clubber	IVP	-International Vice President
DKC	-Distinguished Key Clubber	PD	-President Designate
PM	-Prospective Member	PE	-President Elect
MEP	-Major Emphasis Program	DLGE	-Distinguished Lieutenant Governor of Excellence
FA	-Faculty Advisor	ICON	-International Convention
DA	-District Administrator	GATC	-Governors and Administrators Training Conference
ADA	-Assistant District Administrator	LeadCON	-Leadership Convention
ZC	-Zone Coordinator	CKI	-Circle-K International
Gov	-Governor	ID	-International Director
DST	-District Secretary-Treasurer		

NOTE: The 'Distinguished' title is a means by which clubs or club officers are recognized for doing exceptional work. This title is given when certain criteria are met. For example: net gain in membership, completion of a signature project by club.

# DESERVING D4 FATHERS TRIBUTE

“A father is neither an anchor to hold us back nor a sail to take us there but a guiding light whose love shows us the way.” – Unknown

My father is an independent, family oriented and hardworking man. He loves his children and family whole heartedly. I would certainly classify him as a D4 deserving father, as he deserves much more than what the world has to offer.

-Ronique Redway, York Castle High School

‘I love my father because he’s always there for me and I feel comfortable talking to him about anything.’ - Ajanaé Boswell, St. Hilda’s Diocesan High School

‘I love dad because he’s always there whenever I need a helping hand. He loves and cares for me, my brother and my mother; He always wants our family to stay positive.’

-Shanoya Grant, St. Hilda’s Diocesan High School

‘I love my dad because he always tries to do everything he can for me. He always puts me first and does his best to make me happy. I love him because he encourages and pushes me to always do my best, and i thank him for that. I enjoy every minute I get to spend with him because he’s so fun and lively. He is always up to try new things with me.’

-Jerdonna Bloise, St. Hilda’s Diocesan High School

‘I appreciate and love the wisdom you impart, the joy that you give me and the example that you lead by. You are extraordinary and I love you!’

-Danielle Bisasor, St. Hilda’s Diocesan High School

“Behind every great daughter is a truly amazing dad”- Unknown

‘You inspire me everyday. I love you.’-Maleika Moncrieffe, St. Hilda’s Diocesan High School

‘I love my uncle (father figure) because he is always there for me when I need him most. We can talk about anything at anytime. He is awesome and we have the same surname which makes the love even stronger!’

-Alaysha Hutchison, St. Hilda’s Diocesan High School

‘You are my role model, my best friend and my whole heart. I love you to the moon and back!’

-Bianca Westcarth, York Castle High School

# HURRICANE KNOWLEDGE

A hurricane is a storm with a violent wind, in particular a tropical cyclone in the Caribbean.

The Atlantic hurricane season runs from June 1st to November 30th.

## HURRICANE CATEGORIES

Category 1	74 to 95 mph
Category 2	96 to 110 mph
Category 3	111 to 129 mph
Category 4	130 to 156 mph
Category 5	157 or higher mph

## KNOW YOUR FACTS

The two following hurricanes are among the most devastating hurricanes of the world!

- **Hurricane Andrew:** Before Hurricane Katrina, Hurricane Andrew was considered to be the most damaging storm in the history of the United States. It caused a damage of about 26.5 billion dollars and had the monstrous winds with the speed of 167 miles per hour.
- **Hurricane Katrina:** Hurricane Katrina made a landfall on 29 August 2005 passing from the Caribbean and Florida. It was a Category Three Hurricane with a wind speed of 125 miles per hour. However, it was not as strong as the other destructive storms, it had been a Category Five hit, the day before it hit the land.

**“The more violent the storm, the quicker it passes.”-Paulo Coelho**

## HOW TO STAY SAFE

- ✚ **Safeguard important documents including an inventory of your possessions and insurance policies.**
- ✚ **Protect your property-board windows, remove dead trees and bring items indoors.**
- ✚ **Stock up on non-perishable items.**

before

### Non Perishable Foods

during

- ✚ **Follow the advice of local authorities.**
- ✚ **Do not go outside.**
- ✚ **When inside stay away from windows and find a safe area.**
- ✚ **If flooding threatens, turn off electricity at the main breaker.**

- ✚ **If you evacuated, return only after authorities say it is safe to do so.**
- ✚ **Do not walk/drive on flooded roads.**
- ✚ **Do not drink tap water unless authorities say it is safe.**

AND

after

A HURRICANE

- ✚ **Photograph and document damage and conduct emergency repairs.**
- ✚ **Do not touch fallen or low-hanging wires of any kind.**

# *NATIONAL SAFETY MONTH- JUNE*

## *. ROAD SAFETY*

KNOW YOUR SIGNS!

‘Look, Listen, Protect our children on the road, Save lives’

### Road Safety Jingle

#### Hand In the Air (pedestrian hand signal)

All pedestrians crossing the road hear this  
 “ when you’re ready put your hand up in the air  
 Then you wait until the road is clear  
 When you’re ready over there put your hand up in the air and then you cross when the way  
 is clear  
 Got to put your hand in the air  
 Before you do the walking, let your hand do the talking  
 Got to put your hand up in the air”

Source: <http://www.nationalroadsafetycouncil.org.jm/roadsafetytips.htm>

## NATIONAL SAFETY MONTH- JUNE

### • SAFETY AT HOME

Home safety refers to the awareness and education of risks and potential dangers in and around a home which may cause bodily harm, injury, or even death to those residing in and around the physical structure of a home.

## Home Safe for Everyone

Source:  
[https://www.cpssc.gov/s3fs-public/Home\\_Safe\\_for\\_Everyone.pdf?cc35LCn9cxhf5EkkQwIzS5E1WrfI2z1](https://www.cpssc.gov/s3fs-public/Home_Safe_for_Everyone.pdf?cc35LCn9cxhf5EkkQwIzS5E1WrfI2z1)

As you shelter in place at home with your family, check off these simple safety steps.

- Fire Safety: I have tested my smoke alarms and they are working. I stay in the kitchen while my food is cooking on the stovetop. I have a fire escape plan.
- CO Safety: I have tested my carbon monoxide alarms and they are working.
- Pool Safety: I have checked the layers of protection around my pool/spa to make sure they are in good shape, including my gate, fence, door alarm, pool cover or other layer.
- Medicines and Cleaning Products: My household cleaning products, laundry packets and medicines are in the original bottles, locked up and away from children.
- Magnets: I have warned my older children never to use high-powered magnets to simulate tongue or lip piercings and to keep these away from younger children. Swallowed magnets can stick together across intestines causing serious lifelong health effects or death.

During these times of uncertainty, our home should be a safe place for us and our loved ones. Especially now, when we have to spend so much time indoors, we need to be able to identify and handle the hidden hazards in our home that can cause injury or death. Just as we are cautious with COVID-19, I urge you to protect yourselves and family from these hazards as well.

The above checklist provides simple and clear steps you and your family can take to ensure home safety.

# *HOW TO PLAN A SERVICE PROJECT*

- ◆ Identify the type of project you would like to execute.
- ◆ Make a list of items needed for the project.
- ◆ Select the location where you wish to conduct the project.
- ◆ Create a budget.
- ◆ Seek sponsorship and donations from Kiwanis family.
- ◆ Get the whole club on board.
- ◆ Create a planning team or committee
- ◆ Inform the relevant authorities via email, call or WhatsApp message. Begin promoting the project.
- ◆ Ensure that you have all resources for the project.
- ◆ Confirm attendance of members/other schools/Kiwanis family.
- ◆ Re-notify relevant authorities about the project.

After execution:

- ◆ Evaluate how the project unfolded, what went well, what went wrong, ways to improve.
- ◆ Reflect and discuss what you learned from the experience.

# HOW TO PLAN A SERVICE PROJECT

## Service projects

- 1. Decide who to help**  
Meet with your club and talk about it. Start with ideas that aren't too complicated, but will really make an impact. Think about your school. Do the grounds need to be cleaned up? Could your club plant flowers in a planter near the entrance? What about your hometown? Could you do a project at a nursing home or gather books for a family shelter?
- 2. Form a team**  
Figure out who from your club will work on the project. You'll need different people to do different things along the way.
- 3. Ask questions**  
Once you decide who to help, don't just guess what you need to do. Ask questions.
- 4. Plan the project**  
Now figure out who's doing what. Write down a to-do list and assign different people different jobs. Give everyone a deadline.
- 5. Evaluate**  
After you finish the project, think about what went well and what didn't go well. Talk about what could go better next time.

Learn more:  
[www.k-kids.org/serve](http://www.k-kids.org/serve)

### sample project:

**Who to help** our school  
**What they need** new library books

**Form a team**  
Jaydan  
Kasey  
Sophie  
Conner  
Noah  
Makai

**Ask questions**  
Jaydan and Kasey will meet with the school librarian to ask what kinds of books she needs most and how many.

**Plan**  
**Jaydan and Kasey:** Decorate collection boxes to put around the school, at the local library, at a bookstore and at a coffee shop (deadline: August 28).  
**Sophie and Conner:** Make fliers to get the word out about the book drive (deadline: August 15).  
**Noah and Makai:** Call on local bookstores with the club advisor and ask for donations (deadline: September 25).  
**Everyone:** Ask friends and family for books and donations to buy books. Collect all the books and funds and deliver them to the library (deadline: October 1).

**Evaluate**  
We did a great job! Next year, we could have a book drive in the spring, when students are cleaning out their desks for the summer.

The Summer holiday is fast approaching and what better way to spend it by doing service projects!

### *NEED SOME IDEAS?*

Identify a student in your community that is in a grade below you and donate at least two (2) textbooks to them.

Due to COVID a lot of people are low on funds and this is a great way to help out.

Challenge yourself to create cute and fun 'Do It Yourself' masks and donate them to community members in need.

In order to go outside, wearing a mask is mandatory and some persons within our communities are still without this necessary tool. This is an amazing initiative to execute!

Create an online tutoring platform and assist students about start high school. Provide them with the resources you have and give them cool tips.
