From the Editor

Hey Readers,

Welcome back to school! This is the 3rd edition Xaymaca Key Volume 34. In this issue you will see many highlights of activities clubs have done since this new school year has started in September. As per usual this bulletin took awhile to put together not just because I am not use to creating such an extensive issue but also because it took awhile to get all the different club features. Plus, there was a lot more writing of articles involved this time. It is my hope that this proves to be extremely informative and visually appealing.

Additionally you will see:

- A Back to School section
- Featured K family clubs
- Kiwanis for Disabilities Day
- Kiwanis One Day
- A Key Club Week overview
- District Project
- and so much more in store

Stay safe, wear a mask and practice techniques that help you to keep calm. The school year has started and we know all the challenges with learning but it is important to remember you are all still Key clubbers and are here to serve your

Home, School and Community.

Now sit back and take in the achievements of Key Clubbers like yourselves along with the activities we have participated in as a district!.

WELCOME BACK TO SCHOOL!

MESSAGE FROM THE BOARD

Dear Santa,

A letterhead is the heading at the top of a sheet of letter paper (stationery). That heading usually consists of a name and an address, and a logo or corporate design, and sometimes a background pattern. The term "letterhead" is often used to refer to the whole sheet imprinted with such a heading.

Many companies and individuals prefer to create a letterhead template in a word processor or other software application. This generally includes the same information as pre-printed stationery but without the additional costs involved. Letterhead can then be printed on stationery (or plain paper) as needed on a local output device or sent electronically. Additionally, we as a board have been encouraging clubs to have meetings no matter the forum. It is imperative that we keep Key Club going now as many of our members really need the fellowship and family that this institution provides.

[Slide 2] Reads "Club meetings are still important" as the heading. Then says "Although you are at home and we hope you are keeping safe, Key club goes on. So we are begging each club to still..." "Have meetings!!" in Bold.

Finally it sums up to "Individual clubs continuing to have meetings, elect boards and have whatever safe services they can is vital to keeping the organisation going. This is a project invented by the St Hugh's High School Key Club where they drive around on a particular day (October 10) to donate various essential items to the Maxfield Park Children's Home, Wortley Children's Home for Girls as well as Sophie's Place. As Key Clubbers and innately as human beings, Caring is Our Way Of Life. Our Board decided to help these homes exercise some resilience during this Covid-19 Pandemic through our donation which will allow them to stay safe, healthy and in the presence of the basic needs. FAIRFIELD INTERNATIONAL ACADEMY

Chartering Ceremony

The Fairfield International Academy Key Club is one of the newest additions to Key Club Division Five and the Key Club Jamaica District. On Tuesday, October 27, the club held their long-awaited Charter Ceremony, where they were finally installed as an official Key Club. Of course, due to the pandemic, this event was forced to be held online. Nonetheless, the club hosted an amazing event over Zoom, with their members collaborating

from the school itself. The event was attended by many members of the district board as well as Keyclubbers from all over. This charter turned out to be a huge success from the club, and an extraordinary event in the eyes of all the spectators.

Kiwanis for Disabilities Day

A disability is defined as anything that hinders a person's ability to complete the major life functions or otherwise gets in the way of their quality of life. These major life functions, as defined by the US Disability Act of the 1980s includes caring for oneself, performing manual tasks, learning and speaking. There are a variety of disabilities that act as great physical and mental hinderances and these disabilities range in the severity of their effect on people. Unfortunately, there is a lot of stigma surrounding people with disabilities, especially mental disorders, that often dissuade people from interacting with and caring for them.

The Kiwanis Foundation decided to take action and declare September 12th as annual Kiwanis for Disability day. This function, hosted by Dervon Malcolm, in order to dissolve stigma surrounding disabilities and educate more Jamaicans about disabilities, especially Alzheimer's and Dementia. Throughout Kiwanis for Disability day, which was streamed across several online platforms, Kiwanians across Jamaica showcased the care, support, and impact on the disabled community across Jamaica through their involvement in the community over a course of two weeks.

At the start of the function, a video was played that showcased the impact Kiwanians have had on the lives of members of the disabled community across Jamaica. Firstly, the video revealed that several members of the Kiwanis club of

young professionals were collecting clothing donations at Devon House. The video then showed that several Kiwanians worked together to raise funds for and construct a special seating area at the Windsor School of Special Education. An all-female Kiwanis club also donated wheelchairs to the Randolph Lopez School of Hope. These acts of kindness, along with several others showcased throughout the video, helped to demonstrate the level of dedication displayed by numerous Kiwanians in an effort to alleviate many of the struggles faced by the disabled community of Jamaica.

The function transitioned into a series of segments aimed at raising awareness about living with dementia and various other mental health conditions. These segments were presented by...

... Julian Mckoy Davis who made the viewers aware that many dementia patients have been heavily affected by the COVID-19 pandemic. This has been experienced in the form of centre closures and the reduction in hours of caregivers, the “unsung heroes” of our nation. This is especially hard for dementia patients because as the condition worsens with age, these patients need more and more attention from their caregivers who often struggle to balance their own personal and family lives and often suffer from 'caregiver burnout'. The viewers were also educated on the various

types of caregivers, including primary, secondary, and crisis, who accomplish different functions in their roles as caregivers.

In these segments, the viewers were also made aware of many of the unfortunate realities of dementia and care for dementia patients. Dementia is the largest reasons for care of the elderly as it reduces their ability to properly care for themselves. Unfortunately, many of these patients are neglected by their family members which necessitates the presence of a caregiver! This need for care is further aggravated by the fact that roughly 51.7% of dementia patients are diagnosed with a variety of other medical conditions that worsen their struggle with dementia. Furthermore, it must be noted that roughly 77% of caregivers are informal and/or unpaid volunteers despite the critical role these people pay in the care for their patients.

Kiwanis for Disability Day closed with tips for both family members and caregivers. These tips, some of which were presented through a recap of the Stride Dementia Project Jamaica earlier this year, were especially useful as they gave critical advise surrounding the increased pressures of care for dementia patients caused by the pandemic.

Overall, this annual edition of Kiwanis for Disability Day was well-received and successful in its aim to raise awareness about dementia and the care of those afflicted with it.

KIWANIS DAY FOR DISABILITY

On Saturday, September 12, the Kiwanis Club celebrated their 'Day For Disability' by hosting a live stream on Facebook, YouTube and Zoom. They presented on some mental health issues, including Dementia and Alzheimer's Disease, as well as, Covid-19 management.

The Kiwanis Club of Montego Bay also made a donation to Mustard Seed Communities' Blessed Assurance Home.

Kiwanis for Disability Day

Kiwanis for Disability Day took place on September 12th, 2020. The meeting was based around the topic of Alzheimer's Disease, mental wellness as well as other disabilities. There was so much information being passed around on how to detect these illnesses at an early stage as well as how to take care of those who have the disease. There were also so many people who shared their experiences with those who have the illness and it created a great community discussion. Overall the meeting was really well put together and extremely informative.

Kiwanis ONE Day

Kiwanis club members around the world gather on the fourth Saturday in October — a day set aside for clubs to work together to better their communities. It's also been a day when club members invite friends and family to join them in a project that can improve a community.

As a part of our 2020-2021 District Project, the Hope for the Future Kiwanis Club As a part of our 2020-2021 District Project, the Hope for the Future Kiwanis Club hosted their Kiwanis One Day project. Annually, Kiwanis clubs across the globe gather to celebrate 'One Day' - a day dedicated towards giving back to the community as much as possible. This year, the Hope for the Future Kiwanis club aimed to give back to students in need, through Key Club, by providing them with tablets which would better equip them to engage with their education as we see the continued shift towards

online learning in the midst of the COVID-19 pandemic.

On October 24, 2020, the club hosted its handing over of tablets ceremony to commemorate their act of service for One Day. The ceremony was streamed via Zoom and Facebook and watched by many across the KCJA district. The ceremony led by MC DLGE Sharon Williams, saw eighty (80) tablets being handed over to Key Club Jamaica led by Kiwanian Hope Markes. Key Club Jamaica District Church Service

Sunday, November 1st 2020

Via: Zoom, YouTube and Facebook live
Celebrant: Past Governor Fredrick Northover
Chair of Service: DLG Siranie Dias

Theme:
LEADING WITH LOVE

The Key Club Jamaica District board family welcome members of our extended family and well-wishers to today's celebration and a special welcome to the Key Club Jamaica District members in celebrating Key Club Week 2020.

KEY CLUB

2020 - 2021

On Sunday, November 1, 2020, Key Club Jamaica hosted its annual District Church Service to commence the district's celebrations for Key Club week 2020. The service was hosted under the theme "Leading with Love", embodying the spirit of service and generosity found throughout the Key Club organization. Due to the constraints of the Covid-19 pandemic, the service was streamed across a variety of online platforms including YouTube and Facebook. Despite these limitations, the service saw an amazing turnout from members

of the district. The service was led by Past Governor Frederick Northover and accompanied by a series of excellently chosen hymns and Bible readings, present by current members of the district board, which perfectly encapsulated the theme of "Leading with Love". As the church service drew to a close, the congregation received a moving proclamation from His Excellency The Most Honourable Sir Patrick Linton Allen which was a perfect addition to the morning's proceedings.

As a whole, the service went smoothly and served as an excellent start to this year's rendition of Key Club week.

CHECK OUT OUR HIGHLIGHTS FOR THESE GAMES

On this the first official day of Key Club week we as a district decided from beforehand to ask members from all over Jamaica to send in their Key moments. the moments that made them happiest in key club and with those pictures and videos we made a montage of "How KCJA Shows Our K."

Based on the responses we got we gathered that Tthe Video could be broken down into 3 sections to wholistically showcase "Our K." These were Service, Interclubbing and Vibes.

Overall the video was well recieved amassing approximately 400 views on the day of it's release.
